THE PROBLEM

Damage plates and reduce vehicle appeal

Vibrations cause loosening

Inconsistent branding

THE BRANDSO SOLUTIONS

ENGINEERED HOLDER SYSTEM DESIGNED TO:

-  Reinforce number plate strength
-  Maintain premium showroom finish
-  Eliminate vibration and loosening
-  Ensure long-term durability

No compromises. Just the Brandso standard.

PREMIUM NUMBER PLATE HOLDER

BUILT TO HOLD. DESIGNED TO LAST.

INTEGRATED BRANDING SURFACE

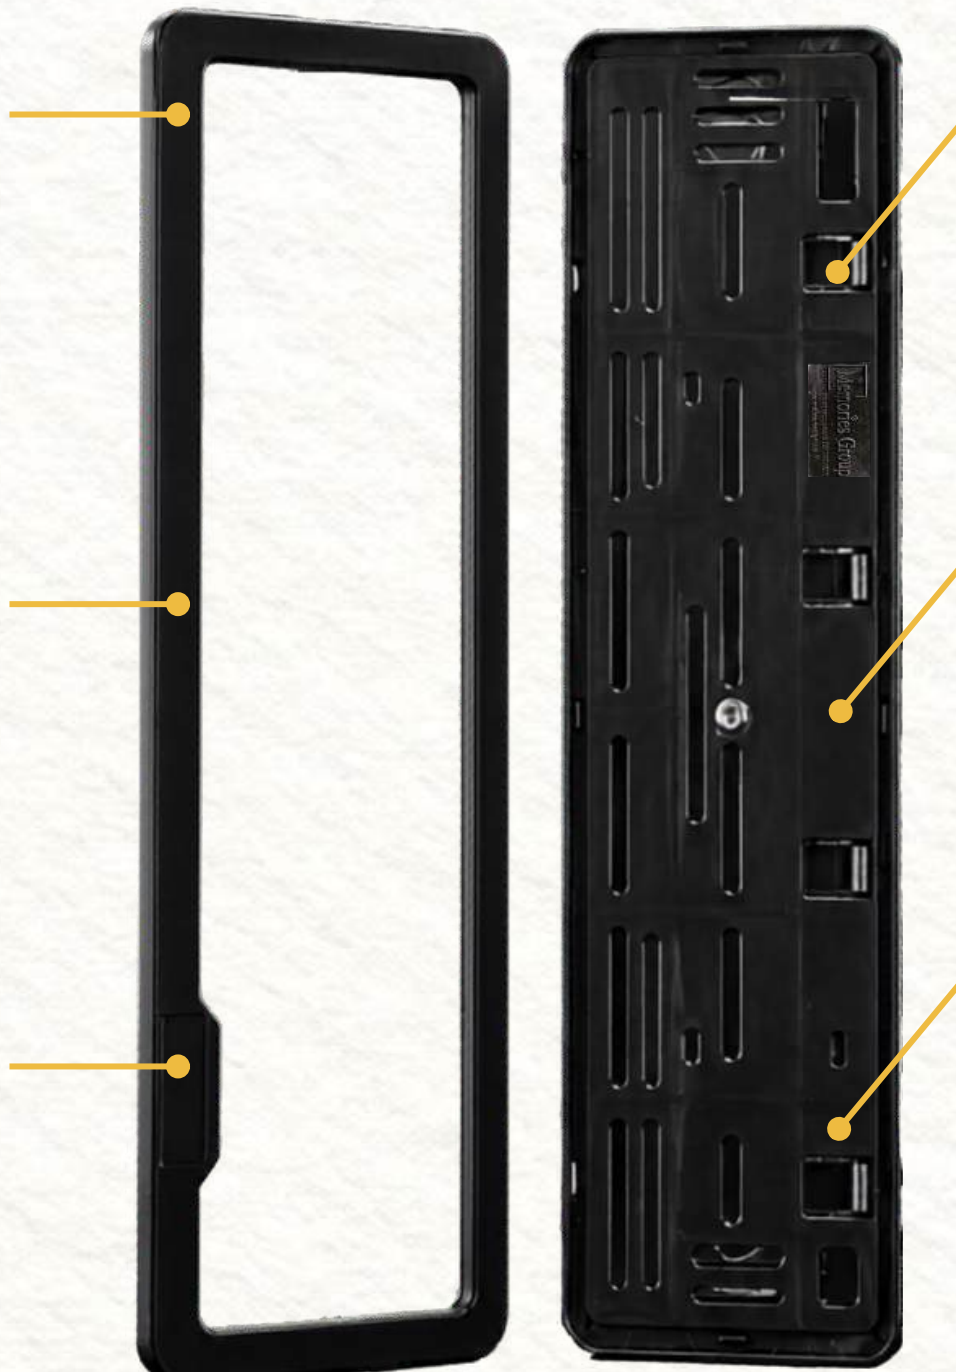

High-durability print directly on surface, resistant to petrol, alcohol, and daily wear.

STRUCTURAL FLEX ZONES

Strategically placed cut sections reduce pressure and improve flexibility.

3D DOMED BRANDING

Elevated, crystal-finish logo designed for premium visual impact.

SECURE CLIP LOCK SYSTEM

Multiple locking points ensure firm grip and eliminate vibration.

HIGH-IMPACT POLYMER

Durable material built to withstand daily usage and road conditions.

STRUCTURE DESIGN

Engineered frame provides strength to prevent bending and deformation.
